EAST HAVEN, CT 06513

(203) 551-1566 | tevindcheatham@gmail.com | WWW: <https://tevincheatham.onrender.com>

PROFESSIONAL SUMMARY

I'm experienced in collaborating with teams to create impactful, cutting-edge websites that drive customer engagement and deliver measurable business results. Proficient in design principles and user-centric approaches to ensure intuitive and effective web experiences. Resourceful professional with a proven track record of developing appealing web designs and features. Solid knowledge of HTML5, CSS3, JavaScript, and ancillary frameworks/libraries, with a strong ability to quickly learn and apply new technologies.

EDUCATION

BACHELOR OF ARTS Digital Media & Design

University of Connecticut

Stamford, CT | May 2021

Professional Development:

- **InHouse Learning (Startup Project):** I collaborated with a team of software engineers and digital strategists to deliver a project for InHouse Learning, a startup. This opportunity allowed me to contribute to the development process, ensuring the final deliverable met client expectations. My work on this project directly contributed to securing a paid internship at Vancord Cyber Security.
- **Inkululeko (Non-Profit Campaign):** As the sole software engineer on a project for Inkululeko, a non-profit organization, I was tasked with developing an engaging webpage that cohesively integrated digital assets curated by my team. I took full responsibility for coding the page, ensuring it aligned with the campaign's goals and the creative direction provided by my teammates.

PROFESSIONAL EXPERIENCE

Freelancer | October 2024 - Current

- Managed projects while maintaining a high level of attention to detail and organization.
- Negotiated contracts with clients effectively, ensuring mutually-beneficial terms were agreed upon.
- Enhanced client satisfaction by delivering high-quality work within deadlines.
- Analyzed user feedback to gather input and identify areas required for improvement.

VANCORD CYBER SECURITY / TBNG CONSULTING

Intern | Milford | December 2020 - June 2021

- Streamlined codebase by refactoring HTML, CSS, and JavaScript for improved performance and maintainability.

- Created custom animations and transitions for engaging user interfaces that increased customer satisfaction rates.
- Assisted in debugging issues promptly by identifying root causes and implementing appropriate solutions, minimizing downtime for endusers.
- Increased brand visibility by crafting and implementing creative social media campaigns.
